A Sunday Reflection

"CARI PASAL" by Fr. Marshall

The rulers of Israel seem to be suffering from a Death-Wish! During the 2nd. World War, Hitler and his Nazis had executed between 5 - 6 million Jews and about a hundred million Christians and others. Of all of them, only Israel went on a campaign to make the Western world feel guilty and were largely successful - that is why America and Europe are still silent on the existence of present-day Israel which is an illegal entity. And that is why these 'so-called enlightened' countries have been keeping silent through all the atrocities Israel has dished out to its Muslim neighbours. Israel on her part has given these countries much support in different ways!

But Israel seems not to have learned anything from what they call their 'holocaust'? Do they imagine they will get away with their atrocities?

Israel reminds me of child who had dominant and nagging parents... this child will look for a dominating and nagging spouse if he/she has not learned anything from the parents! Is Israel 'cari-ing pasal' for another holocaust? Please pray for both sides in this conflict & for all indifferent onlookers...God Bless. ☩
